### Unrestricted Electives

The number of electives required in your degree plan varies and depends on how many classes you have taken which do not fall into the above requirements.

For example, a student that arrives with no prior credit and that follows the exact plan listed above will need to enroll in twelve 3-credit courses as electives, and at least seven of those courses will need to be upper level (3000-4000).

### Foreign Language

Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.
